## We're on an incredible journey...

A lot of companies make animal toys. Some of them even make good ones. But here at Mojo we only make the best.

It's what we set out to do back in 2009... and it's been our mission, and our passion, ever since.

It's also why our beautiful, hand-crafted products are regarded as some of the finest quality animal figurines available today, and why the Mojo name conjures up a unique sense of fun, drawn from the wonders of the animal kingdom.

This is the spirit with which we've built our brand and grown our business over the last 11 years. And we're proud that our small, dedicated team is made up of the same wonderful people today that embarked on Mojo's journey back then.

Our success and the quality of our toys are a testament to the pride our people take in what they do. The quality of their craft... their pursuit of perfection... their unique ability to capture the spirit of every animal... and the care they take in making sure every single figurine is created with the ability to educate, stimulate, and inspire a lasting love of nature in the hands of anyone who holds them.

the fun starts here  
**mojo**

"While we're grateful for what we've created so far,  
we will always strive to do better."  
**James Connolly, CEO**

For some 3D rendering might be enough, but at Mojo we're passionate about capturing the spirit and personality of our animals in a way computers can't. That's why every figurine is designed and hand-sculpted in the UK, before being expertly hand-painted by our production team – using the quality of materials that ensure we exceed the highest global safety standards. So, whether your customers are educating with elephants, or taking a dinosaur for a dip in the bath, Mojo make toys you can trust.

But it's not just great products that have seen our sales grow. It's also the great people we partner with that help us deliver. So, whether you're a retailer or distributor, you can expect the same pride, passion, and professionalism from our customer service that goes into our Mojo products. Meeting your needs with a team of real, friendly people who will move mountains to deliver the kind of customer experience, that you deserve.

At Mojo we've spent the last 11 years understanding the value of doing things differently. It's been an incredible journey. And it's with all this in mind that we welcome you into these pages and into the world of Mojo toys. Where you'll discover the spirit, pride, and pursuit of perfection that brings the wonders of the animal kingdom, and truly great toys, to life.

So please...

**...come with us! Let the Mojo fun begin.**

## **Our Goal**

To create the finest quality products available.  
To offer First Class Customer Service  
To be customer focused, whether Business or Consumer.  
To build long term partnerships based on Quality, Trust and Confidence.

## **Craft and Expertise**

Designed in the UK, our products are made with passion. Passion for design, passion for realism, and a passion for quality. Each figure is expertly researched prior to its manufacture.

The sculpting and coloration processes can take many months and even then, some do not make it into production. Once in production, we may refine a model many times until we feel it reaches a level of quality with which we are happy.

Mojo, a passion for perfection!

## **Safety and Standards**

Each Mojo product is rigorously tested to a wide range of international standards. This is an ongoing process with every model in the range undergoing safety testing on an annual basis.

We value safety above all else.

## **European Standards**

EN71 Part 1, 2, & 3, EN71 Part 9,  
DIN53160 (German standard),  
Cadmium & Non-Phthalate.

## **US Standards**

ASTM F963-11, CPSIA, Lead in surface coatings, Lead in substrate, Non-Phthalate, California Prop. 65

## **China Standard**

China Compulsory Certificate (CCC)

## **Japan Standard**

Japan Food Sanitation Law (JFSL)

## **Saudi Arabia & Middle East Standard**

Gulf Conformity Certificate (GCC)  
Gulf Conformity Tracking Symbol (GCTS)
